## Packaging, Labeling & End-to-End Support

At Mellon Private Label, we offer flexible packaging and labeling options to suit your business needs, whether you're starting from scratch or bringing your own materials.

### Client-Supplied Packaging

If you already have your own packaging, simply send us a sample for evaluation. We'll test compatibility with your product and production process before providing a final quote.

### Need Help Sourcing Packaging?

We don't manufacture packaging, but we'll support you through the sourcing and procurement process. Send us an image or reference sample of your desired packaging, and we'll help research and identify the best options locally or internationally. Once selected, your packaging should be shipped directly to our warehouse. Testing samples are required before we proceed with production.

### Labeling & Design Support

**Label & Branding Assistance:** If you need help with label design, we can connect you with our trusted graphic design and printing partners to ensure your product looks professional and aligns with your brand identity.

**Fragrance & Branding Customization:** Have your own fragrance and brand assets? We can print and apply your labels and package your products at an additional cost.

## Flexible Packaging Options

### Bring Your Own Labels & Packaging – No Extra Charge

You're welcome to send in your own labels and packaging materials. We'll handle the rest. Final costs will depend on the type and complexity of the packaging provided.

### Do-It-Yourself Labeling – No Extra Charge

Prefer to package or label products yourself? You can purchase your products in bulk or as blank, unlabeled units, ready for your own finishing process.

At Mellon Private Label, we're here to support you at every stage from product development to final presentation. Whether you're fully hands-on or looking for a guided experience, we have a solution that fits.

### A Seamless Private Label Experience with Mellon Traditional Spa

At Mellon Traditional Spa, we make launching your beauty brand easy, efficient, and stress-free. Our private label process is designed to guide you every step of the way.

### Consultation

- Connect with our team of experienced cosmetic formulators to select the best private label product that fits your brand's vision and technical requirements.
- Sampling (Optional)
- Request and pay for samples to test and review the product before moving forward.
